			DURBAN DELAYS						**CAPETOWN DELAYS**						
			wind delays						**wind delays**						
			20h00 30/09 till 22h00 30/09						16h00 03/10 till 03h00 04/10						
			12h00 03/10 till 23h00 03/10						09h00 09/10 till 07h45 10/10						
			13h00 04/10 till 23h00 04/10						14h00 10/10 till 17h00 11/10 - telecommunication shut down						
			18h00 09/10 till 22h00 09/10						15h30 12/10 till 03h00 13/10						
			08h00 10/10 till 02h00 11/10	**Gail force winds experienced**											
			09H00 12/10 till 20h00 12/10												
			20h00 18/10 till 01h00 19/10												
	NB:		09h00 19/10 till 20h00 19/10	**Strong Winds - nil operations**											
*	**ASA C - Pier 1 down to one berth to effectively maximise equipment on hand - all other berths operating at 50% due to damaged equipment. Port still in storm damage recovery stage.**														
*	**Kindly note that the berth plan is based on always maintaining Container Supply Chain fluidity. Whilst it will based on a 1st planned 1st served basis, this may not always be the case as Terminal fluidity will determine what can be accommodated.**
